## 1. Grant Overview

### 1.1. Background

- 1.1.1. The Oasis Institute has received a five-year cooperative agreement from the U.S. Administration for Community Living/Administration on Aging (ACL/AoA) to implement the National Volunteer Care Corps. This program, now called *Community Care Corps*, is administered by Oasis in cooperation with Caregiver Action Network and USAging (referred to as “Administrators” in this Request for Proposals). Altarum, a nonprofit research and consulting organization, is an integral part of consulting and advising the Administrators and the program.
- 1.1.2. Through an independent review committee and competitive grant-making process, the Administrators will distribute these funds to foster innovative local models to provide volunteer nonmedical assistance to older adults, adults with disabilities, and family caregivers; and to evaluate the effectiveness of those models in different communities nationally.

### 1.2. Request for Proposals

- 1.2.1. The Administrators are seeking proposals for innovative local models in which volunteers assist family caregivers or directly assist older adults or adults with disabilities with nonmedical care in order to maintain their independence.
- 1.2.2. This is the 2022-2023 Request for Proposals (RFP) cycle under the five-year federal cooperative agreement.
- 1.2.3. The Administrators will only commit to fund applicants not previously funded by Community Care Corps for one grant period of 18 months. Current grantees applying for second year funding may only apply to continue their current program for a grant period of 12 months. Previously funded organizations may submit an application for a **new** local model for one grant period of 18 months. Currently, federal funds are not secured beyond one year. Therefore, applicants should consider this a single cycle grant. Grantees should provide plans for sustainability.

## 2. Application Eligibility and Logistics

### 2.1. Eligibility

- 2.1.1. A range of types of entities are encouraged to apply. We want to fund local models that represent a diverse cross section of the nation reflective of geography, urban/rural/frontier and tribal communities, limited English-speaking populations and underserved communities.
- 2.1.2. Examples of the types of organizations that are eligible to apply are:
  - 2.1.2.1. Domestic public or private non-profit entities;
  - 2.1.2.2. Local communities;

The lead applicant will be required to submit letters of commitment from the partnering organizations confirming their participation in the proposed local model.

3. Eligible Populations and Volunteer Assistance

3.1. Eligible populations: Local model volunteer programs must assist one or more of three eligible populations:

3.1.1. Persons age 60 and older who have difficulty living independently and who require assistance with Instrumental Activities of Daily Living (such as cooking or doing laundry);

3.1.2. Persons over age 18 with a disability (as defined in Section 3 of the [Americans with Disabilities Act of 1990](#)) who have difficulty living independently and who require assistance with Instrumental Activities of Daily Living (such as cooking or doing laundry);

3.1.3. Family caregivers:

3.1.3.1. The term “family caregiver” means an adult family member or other individual (such as an unpaid family member, foster parent, friend, neighbor or other unpaid adult) who provides assistance to an individual with a chronic or other health condition, disability, or functional limitation;

3.1.3.2. Volunteer assistance provided to family caregivers is intended to

support their role as caregivers.

### 3.2. Volunteer Assistance

- 3.2.1. Local model volunteer programs must:
  - 3.2.1.1. Address an unmet need in the community;
  - 3.2.1.2. Be delivered in home or community-based (non-institutional) settings;
  - 3.2.1.3. Provide nonmedical assistance;
  - 3.2.1.4. Provide assistance in coordination with a family caregiver, if applicable;
  - 3.2.1.5. Recruit and train volunteers who are age 18 and older;

The Administrators will offer technical assistance to support protocols for criminal background checks consistent with the requirements of the Nationwide Program for National and State Background Checks for Direct Patient Access Employees of Long-Term Care Facilities and Providers;
    - 3.2.1.6.1. At a minimum, background checks must meet state requirements. Applicants can refer to [CommunityCareCorps.org](https://www.communitycarecorps.org) for additional information. The Administrators will hold a technical assistance webinar about background check requirements for all successful applicants.
  - 3.2.1.7. Ensure that any personal identifying information (PII) from volunteers or from those receiving volunteer assistance is kept secure.
- 3.2.2. Local models can offer to provide a wide range of volunteer assistance.
- 3.2.3. Volunteer assistance **MUST** be nonmedical assistance. Volunteer assistance **MUST NOT** include any form of health care service including personal care services.
- 3.2.4. Applicants are encouraged to be innovative in their approaches in determining what volunteer assistance would be particularly useful to address unmet needs of the eligible populations they intend to serve. Applicants are encouraged to consider health equity and social determinants of health. What is innovative for one organization might not be innovative for another.

## 4. Funding

### 4.1. Award Amounts

- 4.1.1. The Administrators will award 18-month grants ranging in size from **\$30,000 to \$200,000** to applicants who have not previously been awarded funding or previous grantees proposing a new local model.
- 4.1.2. Current 12-month grantees who were granted funding from Community Care Corps during the 2021-2022 grant cycle, may apply for a second-year (12 months) of funding **up to \$100,000 or 100% of the previously awarded amount, whichever is less.**

- 4.1.3. This RFP process will be competitive. Not all applications will receive funding, and those that do may not receive the full amount requested.
- 4.2. Grant Period
  - 4.2.1. The grant period will be for 12 or 18 months.
    - 4.2.1.1. Proposed local models do not have to be new projects to an organization. But funds must be used to supplement, not supplant, funding that would otherwise be available for volunteer activities.
- 4.3. Match Requirements
  - 4.3.1. All grantees are required to contribute **a minimum match equal to 20% of the total program budget. The match may be comprised of cash, in-kind contributions, or a combination of both.** For example, an organization applying for a grant of \$120,000 will be expected to contribute a \$30,000 match, bringing the total program budget to \$150,000. Calculate minimum match as follows:  
**Funds Requested / .80 = Total Program Budget – Funds Requested = Minimum match amount.**
  - 4.3.2. Matching resources take on the characteristics of the Administrators and federal funds and are therefore subject to the same rules regarding their use.
  - 4.3.3. Grantees are responsible for raising minimum matches.
  - 4.3.4. All proposals must detail the sources of their proposed match. Possible sources of the match may include, but are not limited to:
    - 4.3.4.1. In-kind contributions:
      - 4.3.4.1.1. Volunteered time;
      - 4.3.4.1.2. Use of facilities to hold meetings.
    - 4.3.4.2. Program fees or other earned revenue from the applicant organization’s budget;
    - 4.3.4.3. State government grants;
    - 4.3.4.4. Local government grants;
    - 4.3.4.5. Foundation grants/contributions;
    - 4.3.4.6. Corporate grants/contributions;
    - 4.3.4.7. Individual contributions;
    - 4.3.4.8. Other contributions.
  - 4.3.5. The following sources **cannot** be used toward the match:
    - 4.3.5.1. Federal funds;
    - 4.3.5.2. Funds used to match other grants.

## 5. Expectations and Compliance

- 5.1. Expectations
  - 5.1.1. Implementation is defined as progress toward program launch and does not necessarily mean service delivery.
  - 5.1.2. Grantees join a community of practice and are required to participate in the technical assistance activities, including:
    - 5.1.2.1. Participation in monthly calls with the Administrators’ Community Care Corps Project Manager and others;

- 5.1.4. Grantees are expected to address sustainability of their local models beyond the grant period and to work with the Administrators on sustainability plans as appropriate.
- 5.1.5. Grantees are required to participate in evaluation efforts as described in Section 5.3, including distributing user-friendly pre- and post- surveys (survey forms will be provided) to all persons providing and all persons receiving volunteer assistance in the grantee's local model, collecting the completed surveys and loading the responses into the provided database.
- 5.2. Reporting Requirements  
All grantees are required to submit the following reports in electronic format using reporting instruments that will be provided:
  - 5.2.1. Quarterly Budget and Spending Report (form will be provided);

  - 5.2.5. Semiannual Narrative Report (format will be provided);
  - 5.2.6. End of program narrative summary (format will be provided);
  - 5.2.7. A minimum of two (2) videos or written stories featuring caregivers and care recipients receiving assistance. Community Care Corps will provide the video platform.
- 5.3. Evaluation Efforts
  - 5.3.1. An important aim of Community Care Corps is to evaluate the effectiveness of local models.
  - 5.3.2. Grantees will be required to collect and report **at least 12 months** of data that aids in evaluation. New applicants not previously funded by Community Care Corps and previous Community Care Corps grantees proposing a new local model may utilize up to 6 months of the available 18 months at the start of the grant cycle to build needed infrastructure. Current 2021-2022 grantees seeking second year funding will be expected to begin collecting data immediately.
  - 5.3.3. Grantees will be required to report certain output data within the grantee portal such as: number of new older adults assisted; number of new adults with disabilities assisted; number of new family caregivers assisted; number of new volunteers providing assistance; number of hours of volunteer nonmedical assistance provided and number of occurrences of each type of volunteer nonmedical assistance provided.
  - 5.3.4. Grantees will be required to distribute a survey to be filled out by individual family caregivers, older adults, and adults with disabilities

receiving volunteer assistance (forms will be provided).

5.3.4.1. These surveys will capture self-reported data on seven outcome measures: functional status; mental well-being; confidence in sustaining in-home care; ability to live independently; caregiver stress; program relevance; and program satisfaction.

5.3.5. Grantees will be required to survey their volunteers (forms will be provided).

5.3.5.1. These surveys will capture data on outcome measures such as commitment to the organization and satisfaction with volunteering.

#### 5.4. ACL Compliance
